

Building Mars

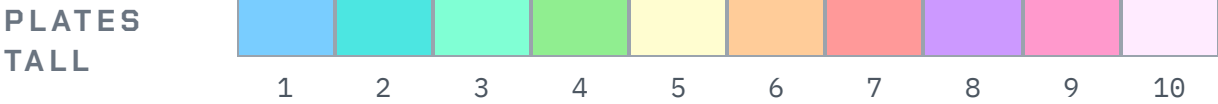

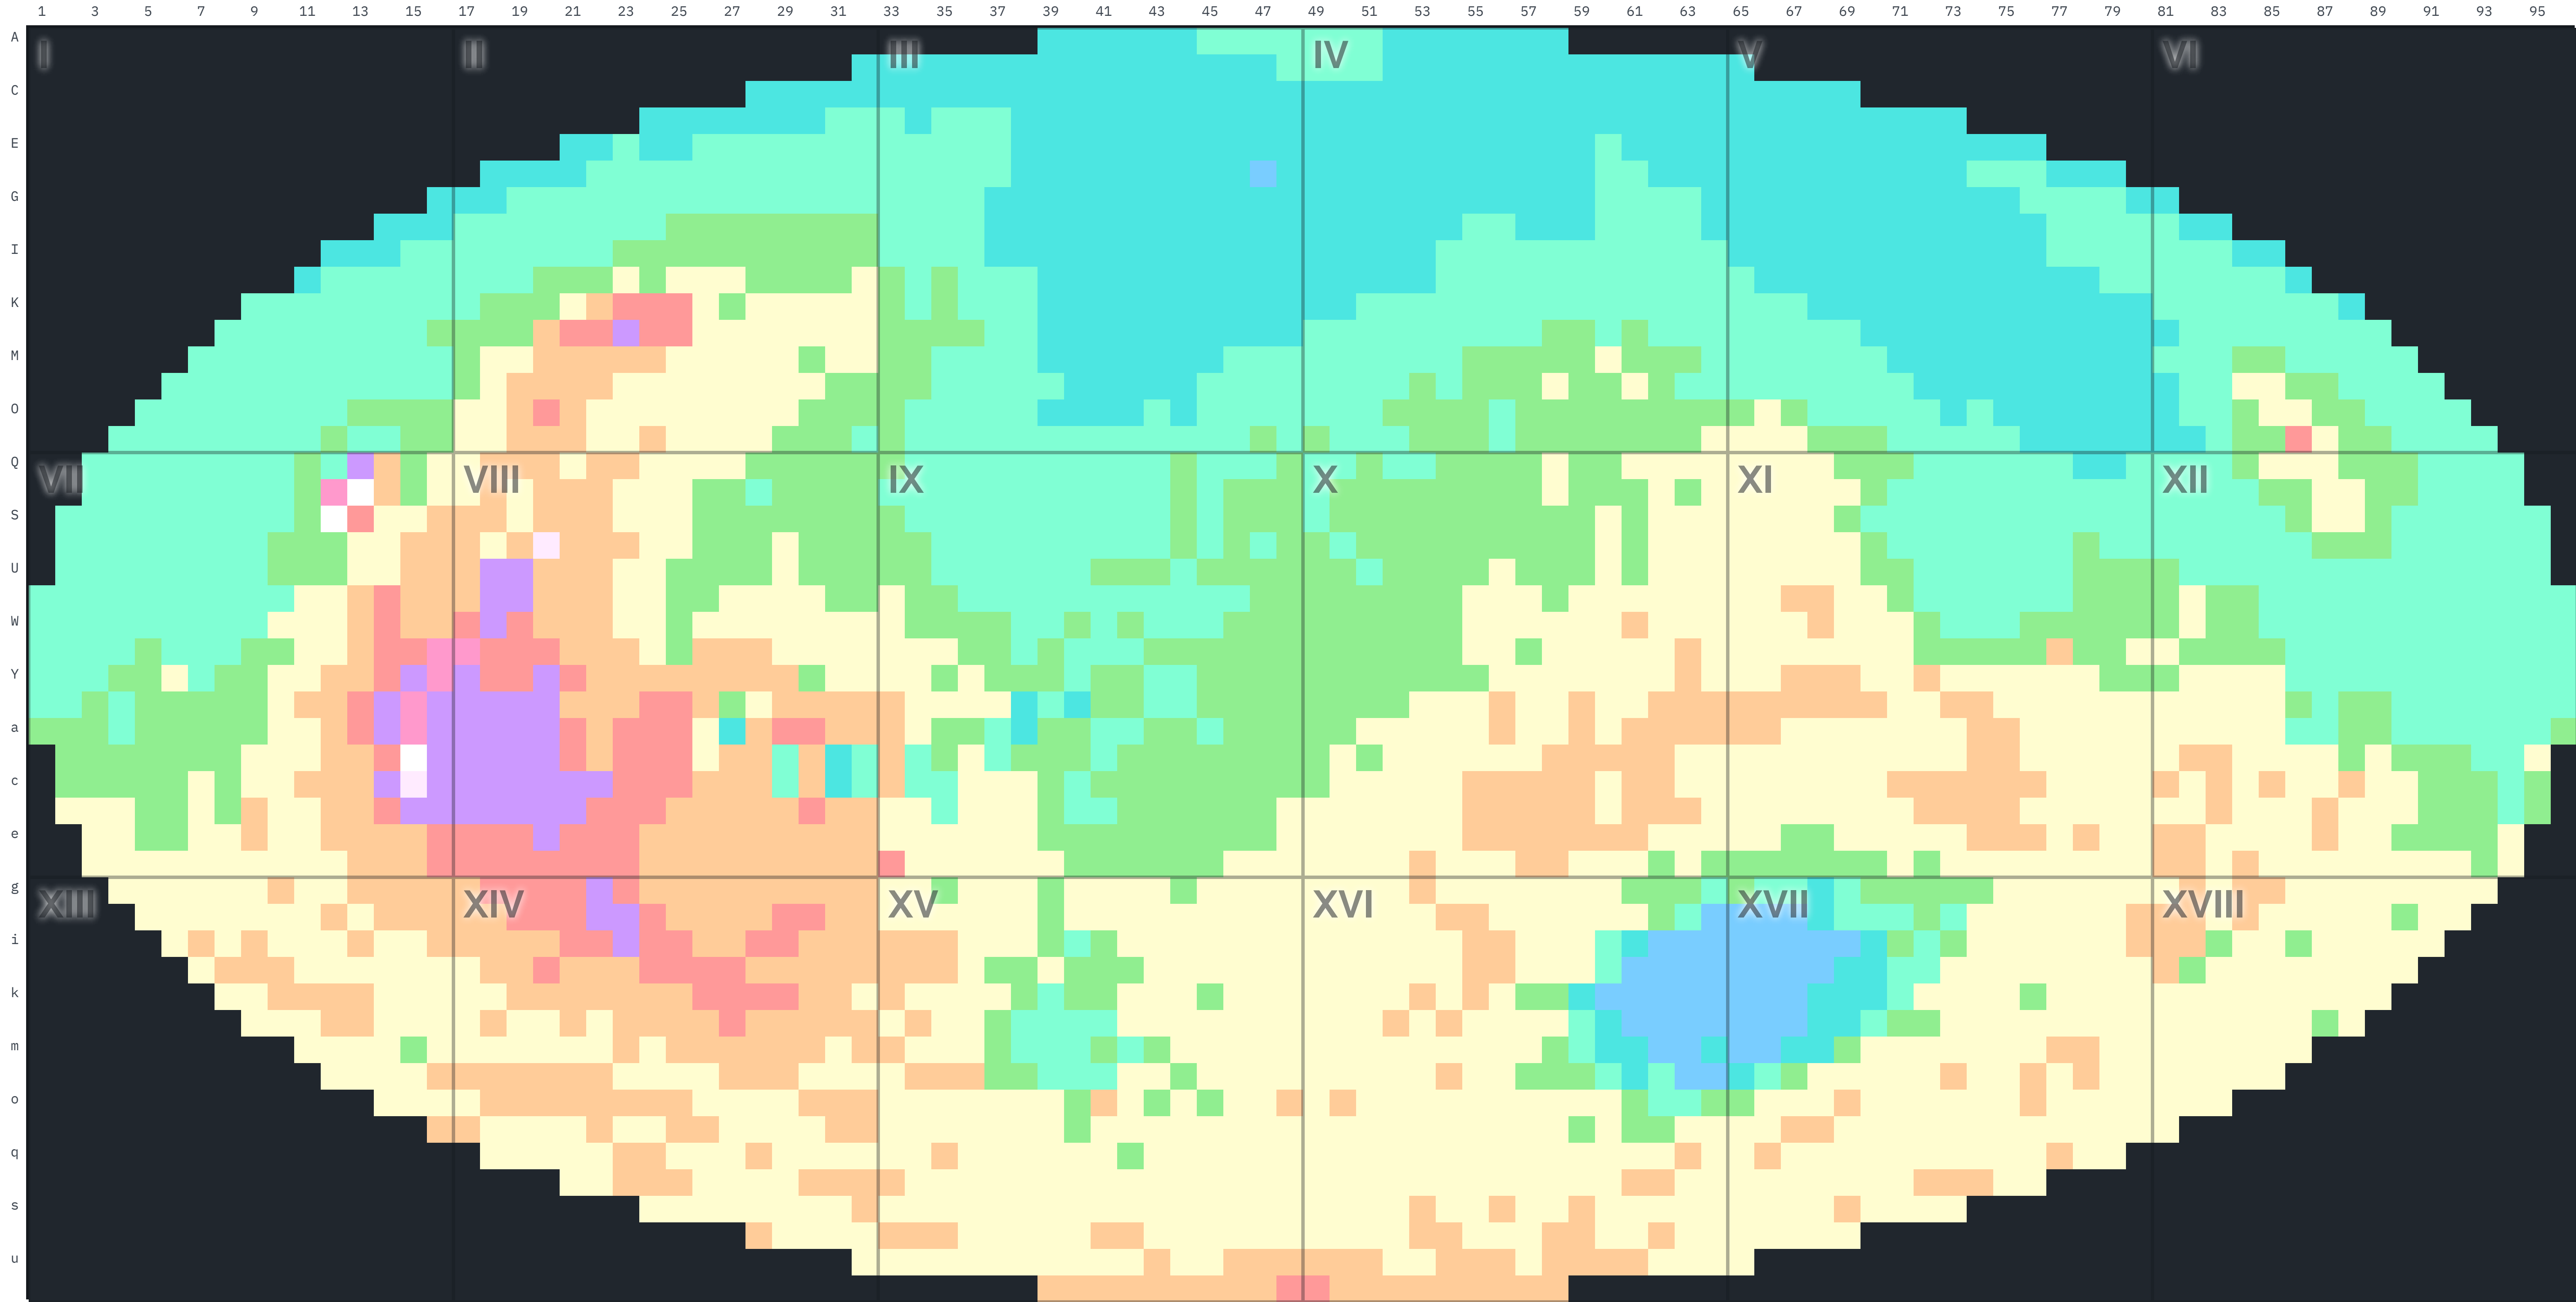

A COMMUNITY-BUILT LEGOSCAPE · EAPS · FALL 2026

Global Reference Poster - Phase 1

The whole board, coloured by how many plates tall each square is. Find the numeral for the sheet in your hand, then match the column numbers and row letters to the board itself.

PHASE 1
Terrain

PHASE 2
Geology

Squares in dark grey fall outside the map projection and stay bare. Three squares on baseplate VII rise above this scale: R13 and S12 are the summit of Olympus Mons at fourteen plates, and b15 is Arsia Mons at thirteen.
