

Building Mars

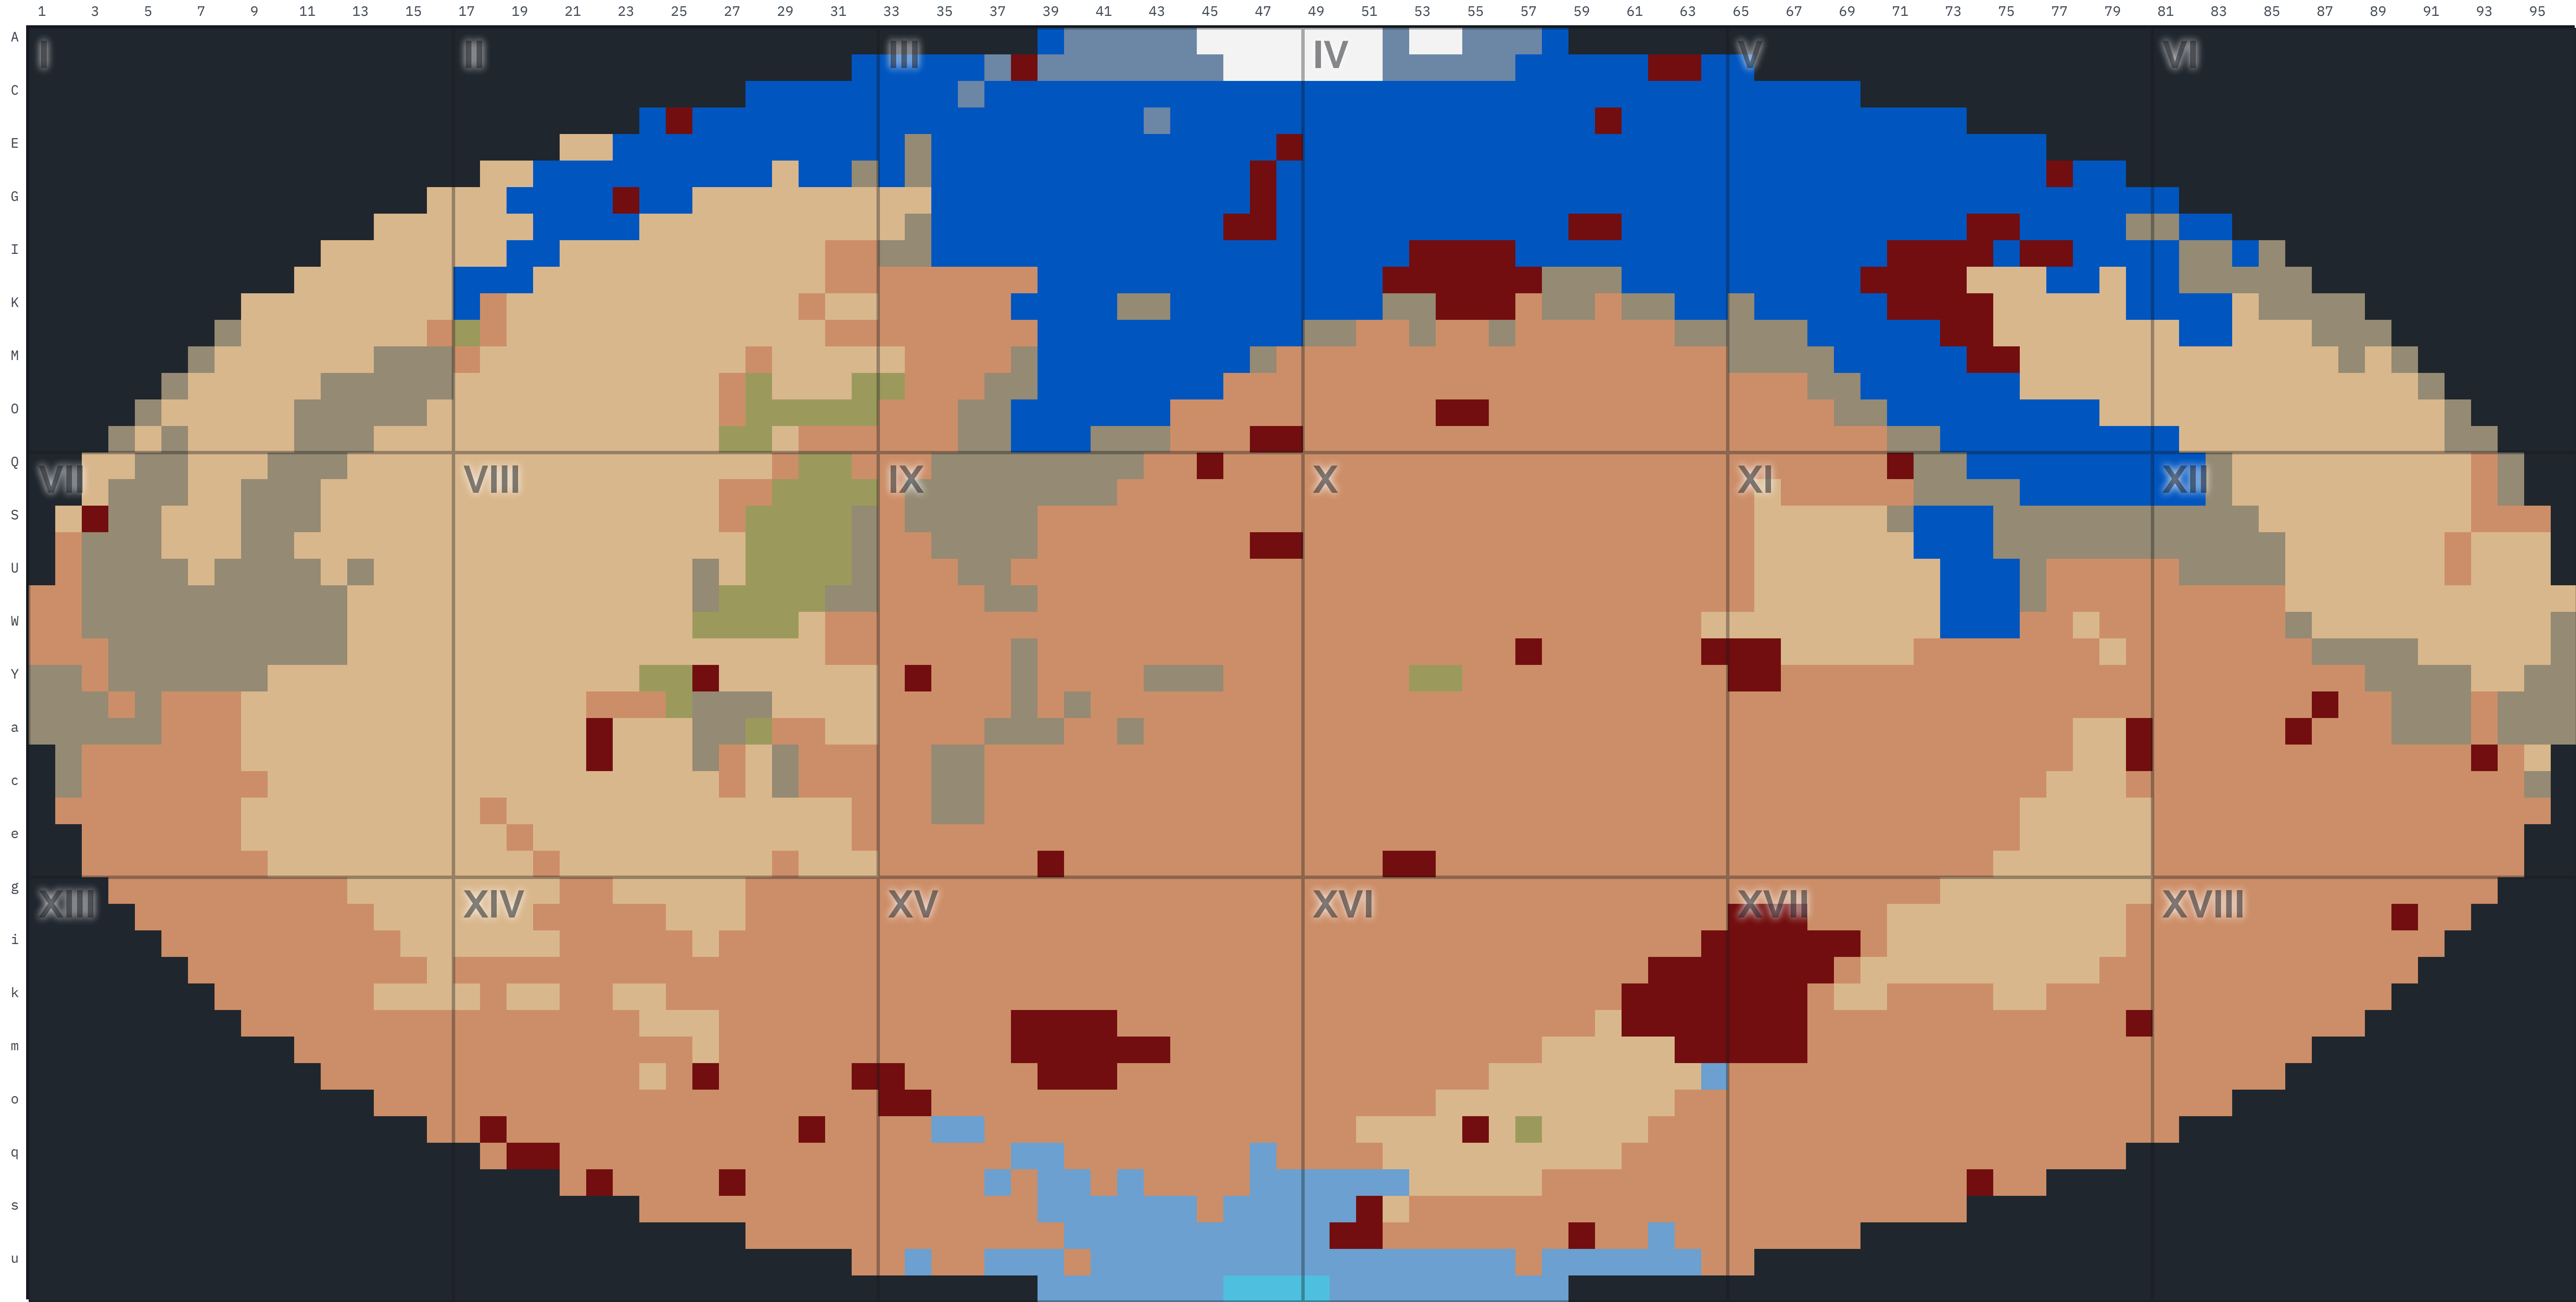

A COMMUNITY-BUILT LEGOSCAPE · EAPS · FALL 2026

Global Reference Poster - Phase 2

The whole board, coloured by geological unit. Every square that was built in Phase 1 takes one coloured plate on top. Find the numeral for the sheet in your hand, then match the column numbers and row letters to the board itself.

PHASE 2
Geology

GEOLOGICAL
UNIT

Squares in dark grey fall outside the map projection and stay bare. Printer ink cannot match the plastic, so where a colour looks close the number on the sheet and the number on the bin decide it.
